

Bridge of Allan Flood Protection Scheme Construction Phase Update

February/March 2026

Drop in Information Sessions:

Bridge of Allan Library

- Wednesday 25th February **9.30am - 12.30pm**
- Monday 2nd March **2pm - 5pm**
- Tuesday 3rd March **3.30pm - 6.30pm**

Online Microsoft Teams Session is also available:

- Monday 9th March **7pm - 8pm**

(please sign up for the online session by 5pm on Wednesday 4th March via **flooding@stirling.gov.uk**)

The Bridge of Allan Flood Protection Scheme is now in the final stages of **detailed design**. The drop in sessions will provide information on the current status and next steps. The project is due for **construction** from June 2026, lasting approx. 18 months.

Please come along anytime within the slots above to find out further information on the project and ask any questions you may have.

We look forward to seeing you.

Preparing for Flooding

It is **your responsibility** to manage your own personal flood risk and protect yourself, your family, property or business. There are steps you can take to **be prepared** and to help **reduce damage** and **disruption** to your home, travel and work.

The **Scottish Environment Protection Agency** (SEPA) has free tools and advice available on its website to help you stay informed. You can:

- check your flood risk to find out if your area is affected by river, coastal or surface water flooding
- check the **three-day Scottish Flood Forecast** for the earliest available information of where and when flooding is expected across the country
- sign up to **Floodline** and follow **@SEPAFlood** for flooding updates and information to receive messages when flooding is forecast in your area

Visit SEPA's website at **sepa.scot** or phone on **0300 099 6699**.

Ready Scotland has further guidance & up-to-date information when disruption is forecast, including official weather & travel warnings. You can access their website on **ready.scot**

At our drop in event we can also give advice on:

- Steps to help prepare for flooding
- What to do if flooding is forecast
- What to do during a flood to stay safe
- Recovery from flooding
- Info on why road closures are required during flooding
- Info on measures to protect your home from flooding
