

# LEAVE NO TRACE

## The best way to love your reservoir? Leave no trace.

- Camp in tents, and only in small groups.
- Maximum of 2 or 3 nights in one place.
- Please take all your litter home, including any dog waste.
- Toilet etiquette – if you have to go, please be more than 30 metres from the reservoir, and either bury or bag & bin your waste (poo).
- Enjoy your visit - always leave the area in a better condition than you found it in.

Please enjoy your visit safely and responsibly, and respect other visitors and local wildlife. #LoveYourReservoir
